## Nomadés and Powerhouse: Sharing a Story of Growth and Support

Nomadés, founded in 2009, is owned and operated by military spouses and provides career opportunities globally through its consultant sellers. The company sells jewelry charms to “commemorate life’s moments, both big and small.” In addition to marketing and selling via consultants, Nomadés produces an annual catalog from which customers may order.

### Challenge

Like many small businesses, Nomadés did not have the budget for a full-blown marketing team. At its inception, Nomadés was a direct-sales-only operation, relying on word of mouth and its consultant sellers to spread the word. As it has expanded and grown the last 11 years, Nomadés has retained its direct sales heart while adding additional opportunities for customers to shop. Recognizing that marketing was crucial for success, but not having the funds to dedicate, Nomadés teamed with Powerhouse Planning (Powerhouse) in 2015.

### Solution

Powerhouse put its team of freelancers to work for Nomadés, providing mostly graphic design expertise to the company by producing its sales catalogs as well as other marketing collateral over the years. Powerhouse’s ability to provide the services of a full design team for a fraction of what an actual in-house team would cost is critical to the successful partnership. By freeing up funds,
