» We are a remote, scalable, and targeted resource dedicated to assisting companies of all sizes achieve their goals.

» Powerhouse provides access to a wide range of talent with no overhead cost to you. The talent is 100% managed by Powerhouse.

Check out what our clients think of us:

“Working with the Powerhouse team has been an invaluable solution for our organization. Throughout their time with us they have provided outstanding customer service, directly impacting our organization’s ability to fulfill our mission. They are a team full of military spouses and veterans who completely understand the needs of our clients. They have shown compassion for our clients and our team, and they have consistently been extremely flexible in this challenging time and period of growth. Working with Powerhouse has been a genuine partnership where they have joined our team and filled critical supporting roles with team-oriented passion and flexibility whenever necessary. This has allowed our small full-time staff to focus on the needs of our clients, increasing our efforts and efficiency. As a growing nonprofit, OJRV, along with our entire remote team, has found Powerhouse to be the perfect solution.”

Gene Anderson, Executive Director, Operation: Job Ready Veterans

“The best part of working with Powerhouse is the comprehensive nature of the team. I can discuss the business as a whole and what the needs are, rather than a narrowly defined role that only handles one aspect of the business. Powerhouse has been key in getting me to start thinking outside of just what I’m capable of as a solopreneur.”

Kirby Atwell, Founder and CEO, Green Vet Homes/Living off Rentals/Dune Dwellings

“Powerhouse has made a huge impact on our organization, and I’m so grateful for all the hard work and heart they put into our grant writing. Powerhouse has gone above and beyond and are helping us to achieve the next level of our organization. We appreciate all that they do so much!”

Lexi Campbell, Executive Director and Founder, Camp Cranium

“The Powerhouse team has been so awesome and exceeded all my expectations right off the bat. They respond so quickly and kindly to all of my guests that it blows me away. They took so much out of my hands and so many weights off my shoulders right away that I didn’t know what to do with myself and all my sudden extra time. It let me fast-forward a construction and development arm to be more hands-on with my favorite part of the business—taking an eyesore and transforming it into something worthy of being someone’s home or vacation destination.”

Christian Gann, Founder, Bowstring Co./HavenScapes

Check out what our freelancers think of us:

“Working on the Powerhouse Planning team has been the most impactful experience of my working career. More than a career, though, I have found personal and professional growth, been witness to leadership with passion and integrity like I had never known, and been part of the development of a team that makes coming to work a joy. I feel extremely blessed to have the flexibility to have a career and care for my family, and even more so, to have the opportunity to work with a team who makes a difference with our clients, in our world, and in our communities.”

Jennifer K., Client & Team Experience Manager and Proud Military Spouse (retired)

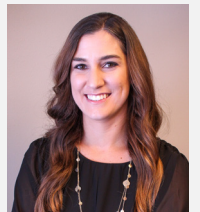

“I am incredibly grateful to be a part of the amazing team at Powerhouse Planning. When I became a military spouse, I vowed to support my husband’s service and sacrifices—which meant undertaking a series of geographical moves across the country and eventually overseas. I wondered if I could ever again have a successful and fulfilling career while navigating this new sea state of military life and motherhood. I held hope that I would again find an organization with the level of leadership I had been accustomed to in my early career, but also one that would empower me to maintain a career—wherever our military service would take us. After several years of searching for the best fit, I found Powerhouse, and it stood out like a brilliant lighthouse through a deep fog. Powerhouse has given me the opportunity for meaningful work, unparalleled work-life balance, and the chance to learn and grow in a career that can go wherever we are called to serve. Thank you, Jessica Bertsch. Thank you, Powerhouse.”

Julie K., Technical Writer and Proud Military Spouse

“Being part of the Powerhouse team is truly a blessing! Not only has Powerhouse given me the opportunity to be a work-from-home mom while also supporting my husband’s military career, but I have been able to continue my career and grow myself professionally as well! Jessica has a superpower to recognize people’s hidden talents, and that is part of what makes Powerhouse so great. The amount of talent on our team is incredible! I also love getting to know our clients and hearing their stories. Having the opportunity to come alongside them, cheering them on and watching their companies grow, has been so rewarding. I am so thankful and blessed for a healthy work/life balance that allows me to continue my career while also being present with my family. When you work as a freelancer for Powerhouse, you don’t just become part of a very supportive, dynamic, and passionate team—you become family.”

Meghan T., Executive Assistant, Content Manager, and Proud Military Spouse
